

Consulting Electrical Engineers Division

## The William P. Hogan Award for Technical Merit

### NOMINATION FORM

William P. Hogan began working for the City of Chicago in December 1948. He is well remembered by many in the electrical community as the Chief Electrical Inspector for the City, a position he held at his retirement in June of 1980. The William P. Hogan Award for Technical Merit is awarded annually to the consulting electrical engineer who has distinguished himself/herself among his/her peers by innovative design of a project with between one dollar and one million dollars of electrical equipment installed. The project's electrical component may be anywhere in the world, however the nominee must work in the geographical region served by the Consulting Electrical Engineers Division of the Electric Association of Chicagoland (Cook, DuPage, Kane, Will, McHenry and Lake Counties in Illinois, and Lake County in Indiana).
