

**Electric Association**  
Serving Chicagoland since 1926

**EA Virtual Panel Event**

## **Building a Healthier Future**

The Electric Association is excited to present this virtual event as our industry continues to evolve and adapt in 2020 and prepare for the future. Join us for valuable content, raffle prizes. All attendees will receive a certificate of credits for IAEI or Professional Development Hours (your preference is specified in registration).

### **Day One: NEC Article 517 Healthcare Presentation**

**9:00 am– 11:00 am CST, Wednesday, November 18, 2020**

Presenter Gerald O'Connor of IAEI will include a General Overview of Article 517, Emergency Room requirements, and 2020 Significant changes to NEC 517.

### **Day Two: Disinfectant Lighting Panel Discussion**

**9:00 am– 11:00 am CST, Thursday, November 19, 2020**

Cari Helberg of Argonne Labs will moderate this overview discussion of disinfectant lighting. Participants include representatives from Puro Lighting, A&M, UL, and Syska Hennessy to give perspective on this relevant to all industry segments.

**What do you want to know about disinfectant lighting?**
