

Consulting Electrical Engineers

SCHOLARSHIP PROGRAM

CRITERIA AND ELIGIBILITY

Who is eligible?

The children, step children and grandchildren of all CEE Members in good standing. Good Standing is defined as dues are paid in full for the current season. CEE members themselves may also apply for this award.

What is awarded?

A minimum \$1,000 scholarship will be awarded to a student enrolled in an undergraduate or master's program at an accredited four year college or university. The scholarships will be made payable directly to the institution of learning upon receipt of a tuition statement.

How to apply?

Complete the CEE scholarship application (available at www.eachicago.org/education or www.eachicago.org/divisions on the CEE page) and have the CEE referring member and appropriate school official complete their respective sections of the application form. Attach all required documents according to the checklist. Return the application, current high school or college transcripts, recommendation forms and goal aspiration essay to the Electric Association Education Foundation office no later than April 15th.

How are the scholarships awarded?

A selection committee will review all of the applications (applicant and CEE members' names will be omitted from the materials that are presented to the selection committee). The Scholarship will be awarded to the chosen recipient at the CEE Annual Technical Forum at the Union League Club of Chicago in May.

Successful applicants will be selected based on;

- past educational performance
- leadership and participation in school and community activities
- continued educational and career goals and aspirations
- recommendations by institution, advisors and family friends

This scholarship is open to all fields of study, but the CEE Scholarship Committee shall give special attention to those seeking a degree in electrical engineering.

Recipients are responsible for notifying the CEE & Electric Association Education Foundation of any changes in mailing address, school, educational plans or other relevant information.

Questions?

All questions about the scholarship programs should be directed to the Electric Association Education Foundation. (630)305-3050

Program Administration

The CEE reserves the right to amend, modify or terminate the program at any time without prior notice.

All matters relating to the interpretation, application or administration of these programs shall be determined by the CEE and the Electric Association Education Foundation, and its determination shall be final.

The Consulting Electrical Engineers Division of the Electric Association offers this scholarship through the Electric Association Education Foundation, a charitable organization educating the Chicagoland electrical community.
